WestRock Tango® Wide Format
Information Guide

Renewable. Recyclable. Remarkable.

Tango Wide Format is engineered to provide excellent print results on an array of industrial flatbed and hybrid inkjet presses using UV-cured inks. It's fiber-based, fully recyclable, and FSC® certified.* Helping your customers accomplish their sustainability goals while delivering the highest-quality brand image for indoor signage, banners and displays.

Features and Benefits

The perfect shade. Its clean-white color is perfect for achieving rich printed images with greater depth and natural flesh tones. Its matching shade to the full Tango folio and digital portfolio provides consistency for your brand image and a consistent look across your print campaign.

Impressive fade resistance. Proprietary coating and fade-resistant design provide a longer shelf life for maximum value.

Uniformity. Whether it's the consistent shade from coated to uncoated side of Tango Wide Format C1S or the double coating and identical side-to-side finishing processes of Tango Wide Format C2S, you can count on outstanding uniformity and print performance.

Breadth. Tango Wide Format offers calipers from 12 to 48 pt, stocked in sizes from 48" x 96" up to 60" x 120" as well as custom-cut sizes, custom duplex structure calipers, and higher sheet count, bulk-packed skids.

Reliable. Sheet cleanliness, excellent ink lay-down, and trouble-free performance on press and in finishing.

Responsible. Tango Wide Format is FSC® Certified*, fully recyclable, and helps your customers accomplish their sustainability goals.

Support your sustainability goals

When compared to high impact polystyrene signage, Tango offers:

61% reduction in CO_2

39% less water use

75% less photochemical oxidation

61% less solid waste

59% reduction in energy demand

85% reduction in minerals and fuel

PIQET Life Cycle Assessments 2021, v4.2.2: 24 pt Tango Wide Format C2S vs 20 pt high impact polystyrene.
PIQET is based on the ISO 14040 standards for Life Cycle Analysis

Skid Bundles

Tango Wide Format stock SKUs are sold in skid bundles.

All Wide Format stock SKUs, except 48 pt, are packaged in increments of two bundled 250-sheet skids (500 sheets total).§
A skid bundle can be separated for individual sale. The 48 pt is packaged as a single 250-sheet skid.
